

Attainment Standards at Blaby Stokes C of E Primary School 2016

Blaby Stokes publishes its most recent attainment annually and details of key data can be found in the document below.

"The National Association of Head Teachers urges strong caution in the use of test data from primary schools in 2016. As a result of dramatic changes to the tests themselves and mistakes in their design, the data is not a reliable measure of school or pupil performance. It should not be compared to past years or to results in other schools. The government have also urged caution in the use of the results and have said that the 2016 results alone cannot be used for formal intervention in schools."

In the document you will find:

- Foundation Stage results
- Year 1 Phonics results
- Year 2 (Key Stage 1) SATs results (Teacher Assessments)
- Year 6 (Key Stage 2) SATs (tests) and Teacher Assessment results

In addition, we are required to publish specific information from the Department of Education's (DfE) performance tables, which you will find below. If you wish to see our school's performance in its entirety, you can also use the web address below to go to the DfE performance table.

EYFS Foundation Stage Results (2016):

Good Level of Development (GLD) = 61% (8.1% rise since 2015)
